Settlement Patterns of the Malvatu Oya and Kala Oya Basins
A study from the perspective of Historical Geography

P. Vidanapathirana
Postgraduate Institute of Archaeology
University of Kelaniya

This thesis is submitted as a requirement for the Doctoral Degree of the Postgraduate Institute of Archaeology, University of Kelaniya
2007
CHAPTER ONE - INTRODUCTION

CHAPTER TWO - GEOGRAPHICAL SETTINGS OF THE MALVATU OYA AND KALĀ OYA BASINS

2.1 Introduction 11
2.2 Geological setting of the Malvatu Oya and Kalā Oya basins 12
2.3 Geomorphologic definitions 15
2.3.1 South-eastern and eastern boundary hilly area 15
2.3.2 Midland region 17
2.3.3 Coastal region 18
2.4 Soil: The Malvatu Oya and Kalā Oya Basins 20
2.4.1 Soil classification and distribution pattern 20
2.5 Climate of the Malvatu Oya and Kalā Oya 27
2.5.1 Spatial and seasonal distribution patterns of rainfall 28
2.5.2 Monsoon wind patterns 45
2.5.3 Climatic variations: It’s influences over the history of the Dry Zone of Sri Lanka 48
2.5.4 An analysis of Paleo-climatology through soil samples 49
2.5.5 Rainfall pattern: it’s effect on the agricultural lifestyle and the culture of ancient Sri Lanka 56
2.6 The drainage system of the Malvatu Oya and Kalā Oya basins 58
2.7 Vegetation in the Malvatu Oya and Kalā Oya basins 63
CHAPTER THREE - RESEARCH METHODOLOGY

CHAPTER FOUR - SETTLEMENT PATTERN OF THE MALVATU OYA AND KALĀ OYA BASINS

4.1 Introduction
4.1.1 Settlement chronology of the Malvatu Oya and Kalā Oya basin
4.2 History of the ancient settlement base and the geo-climate of the region
4.2.1 Prehistoric settlement in the Malvatu Oya and Kalā Oya basins
4.2.2 Proto and Early-Historic settlements in the Malvatu Oya and Kala Oya basins
4.2.3 Spatial distribution pattern of ancient settlements from the 3rd century B.C. to the 13th century A.C.
4.3 Settlement structure and settlement hierarchy
4.3.1 Urbanization and the urban centres
4.3.1.1 Urban centres of the Malvatu Oya and Kalā Oya basins
4.3.1.2 The suburbs around the city of Anurādhapura
4.3.1.3 Regional urbanization and regional centres
4.3.2 Village settlements and ecological zones
4.3.3 Historical place names based on the geographical settings

CHAPTER FIVE - THE ROAD NETWORK: MODES OF TRANSPORT IN ANCIENT SETTLEMENTS

5.1 Introduction
5.1.1 Road: A classification
5.2 Road network within the city of Anurādhapura and it’s suburbs 127
5.2.1 Road network in the inner-city 129
5.2.2 Highways in the city of Anuradhapura and it’s suburbs 131
5.2.3 Streets in the outer city 137
5.2.4 Road networks and urbanization 141
5.3 The road network in the Malvatu Oya and Kalā Oya basins 146
5.3.1 The northern highway to Jambukōlapattana from the city of Anurādhapura 149
5.3.2 The north-western highway to Mahātittha from the city of Anurādhapura 152
5.3.3 The eastern highway up to Gōkannatīthta from the city of Anurādhapura 155
5.3.4 The Rōhana Maha Maga or Rōhana highway 159
5.3.5 The road to Uruvela from the city of Anuradhapura 164
5.3.6 The road from Magana to Anuradhapura 166
5.3.7 The southern highway connecting the Dakkina-dēsa to the city of Anurādhapura 167
5.3.8 The western coastal highway 173
5.3.9 The road from Anurādhapura to the central hills through Mātalē 173
5.3.10 The Pilgrimage route to Śrī Pāda through the central hills 176
5.4 Construction, maintenance and road administration, Modes of transport and distance measurement 178
5.4.1 Construction, maintenance and administration 178
5.4.2 Modes of transport 184
5.4.3 Distance measurement 185

CHAPTER SIX - SETTLEMENTS AND IRRIGATION SYSTEM IN THE MALVATU OYA AND KALĀ OYA BASINS 189

6.1 Introduction 189
## 6.2 Distribution patterns of the tanks in the Malvatu Oya and Kalā Oya basins

<table>
<thead>
