

Settlement Patterns of the Malvatu Oya and Kala Oya Basins

A study from the perspective
of Historical Geography

P. Vidanapathirana
Postgraduate Institute of Archaeology
University of Kelaniya

TH 079

This thesis is submitted as a requirement for the Doctoral Degree
of the Postgraduate Institute of Archaeology, University of Kelaniya
2007

MFN 11979

CONTENTS

CONTENTS	i
LIST OF MAPS	vi
LIST OF FIGURES AND TABLES	viii
ACKNOWLEDGEMENT	xii
ABBREVIATION	xiii
CHAPTER ONE - INTRODUCTION	1
CHAPTER TWO - GEOGRAPHICAL SETTINGS OF THE MALVATU OYA AND KALĀ OYA BASINS	11
2.1 Introduction	11
2.2 Geological setting of the Malvatu Oya and Kalā Oya basins	12
2.3 Geomorphologic definitions	15
2.3.1 South-eastern and eastern boundary hilly area	15
2.3.2 Midland region	17
2.3.3 Coastal region	18
2.4 Soil: The Malvatu Oya and Kalā Oya Basins	20
2.4.1 Soil classification and distribution pattern	20
2.5 Climate of the Malvatu Oya and Kalā Oya	27
2.5.1 Spatial and seasonal distribution patterns of rainfall	28
2.5.2 Monsoon wind patterns	45
2.5.3 Climatic variations: It's influences over the history of the Dry Zone of Sri Lanka	48
2.5.4 An analysis of Paleo-climatology through soil samples	49
2.5.5 Rainfall pattern: it's effect on the agricultural lifestyle and the culture of ancient Sri Lanka	56
2.6 The drainage system of the Malvatu Oya and Kalā Oya basins	58
2.7 Vegetation in the Malvatu Oya and Kalā Oya basins	63

CHAPTER THREE - RESEARCH METHODOLOGY	65
CHAPTER FOUR - SETTLEMENT PATTERN OF THE MALVATU OYA AND KALĀ OYA BASINS	68
4.1 Introduction	68
4.1.1 Settlement chronology of the Malvatu Oya and Kalā Oya basin	69
4.2 History of the ancient settlement base and the geo-climate of the region	71
4.2.1 Prehistoric settlement in the Malvatu Oya and Kalā Oya basins	71
4.2.2 Proto and Early-Historic settlements in the Malvatu Oya and Kala Oya basins	75
4.2.3 Spatial distribution pattern of ancient settlements from the 3 rd century B.C. to the 13 th century A.C.	83
4.3 Settlement structure and settlement hierarchy	91
4.3.1 Urbanization and the urban centres	94
4.3.1.1 Urban centres of the Malvatu Oya and Kalā Oya basins	94
4.3.1.2 The suburbs around the city of Anurādhapura	97
4.3.1.3 Regional urbanization and regional centres	100
4.3.2 Village settlements and ecological zones	108
4.3.3 Historical place names based on the geographical settings	115
CHAPTER FIVE - THE ROAD NETWORK: MODES OF TRANSPORT IN ANCIENT SETTLEMENTS	125
5.1 Introduction	125
5.1.1 Road: A classification	126

5.2	Road network within the city of Anurādhapura and it's suburbs	127
5.2.1	Road network in the inner-city	129
5.2.2	Highways in the city of Anuradhapura and it's suburbs	131
5.2.3	Streets in the outer city	137
5.2.4	Road networks and urbanization	141
5.3	The road network in the Malvatu Oya and Kalā Oya basins	146
5.3.1	The northern highway to Jambukōlapattana from the city of Anurādhapura	149
5.3.2	The north-western highway to Mahātittha from the city of Anurādhapura	152
5.3.3	The eastern highway up to Gōkannatittha from the city of Anurādhapura	155
5.3.4	The Rōhana Maha Maga or Rōhana highway	159
5.3.5	The road to Uruvela from the city of Anurādhapura	164
5.3.6	The road from Magana to Anurādhapura	166
5.3.7	The southern highway connecting the Dakkina-dēsa to the city of Anurādhapura	167
5.3.8	The western coastal highway	173
5.3.9	The road from Anurādhapura to the central hills through Mātalē	173
5.3.10	The Pilgrimage route to Srī Pāda through the central hills	176
5.4	Construction, maintenance and road administration, Modes of transport and distance measurement	178
5.4.1	Construction, maintenance and administration	178
5.4.2	Modes of transport	184
5.4.3	Distance measurement	185

CHAPTER SIX - SETTLEMENTS AND IRRIGATION SYSTEM 189 IN THE MALVATU OYA AND KALĀ OYA BASINS

6.1	Introduction	189
-----	--------------	-----

6.2	Distribution patterns of the tanks in the Malvatu Oya and Kalā Oya basins	191
6.2.1	Catchment morphometry and tanks distribution pattern	198
6.3	Water management system	205
6.3.1	Village tanks and the cascade system	210
6.3.2	Trans-basins canal system	212
6.3.2.1	Kalāvāva Jaya Ganga middle basin canal system	216
6.3.2.2	Canal system connecting upper basins of the Amban Ganga, Kalā Oya and Malvatu Oya	229
6.3.2.3	Lower basins canal system	231
 CHAPTER SEVEN - TERRITORIAL DIVISIONS IN THE MALVATU OYA AND KALĀ OYA BASINS		 236
7.1	Introduction	236
7.2	Territorial division in the Malvatu Oya and Kalā Oya basins	239
7.2.1	Regional territorial division	239
7.2.2	Provincial territorial division	241
7.2.3	Local territorial division	253
7.3	Village organization and its structure	256
 CHAPTER EIGHT - SETTLEMENT ANALYSIS OF THE MALVATU OYA AND KALĀ OYA BASINS		 259
8.1	Introduction	259
8.2	Point pattern analysis: Settlement distribution patterns	261
8.3	The settlement network analysis	265
8.4	Central place theory	269
8.4.1	Marketing principle	269
8.4.2	The mercantile model	272

CHAPTER NINE - CONCLUSION	277
BIBLIOGRAPHY	281
APPENDICES	
APPENDIX 1	302
APPENDIX 2	334
APPENDIX 3	345
