List of figures and tables

Chapter 1: Introduction.....	1
1:1. Overview.....	1
1:2. Space and Archaeology	3
1:3. Scope and Objectives	4
1:4. Methods and Constraints.....	6
1:5.1 Site exploration problems.....	14
1:5. Space: an archaeological perspective.....	15
1:5.1 Cultural space or Landscape.....	16
Chapter 2: The History: Archaeology and Space.....	22
2:1. Settlement studies in archaeology: a preview.....	22
2:2. History of the settlement studies in Sri Lanka.....	26

2:3. General history of the archaeological survey of Sri Lanka.....	27
2.4. Thematic review of settlement studies in Sri Lanka.....	35

Chapter 3: GIS approaches for spatial analysis in Archaeology.....82

3:1. Computer application in Archaeology.....	82
3:2. GIS applications in archaeology.....	86
3:3. Archaeological model building.....	94

Chapter 4: The study area.....98

4:1. Archaeological potentials of the area.....	100
4:2. Upper <i>Malwatu Oya</i> : the core area.....	108
4:3.. Physiography.....	110
4:3.1. Environment and Ecology.....	111
4:3.2. Hydrology and water management.....	117
4:4. Present land-use pattern.....	120
4:5. Sampling and Processing.....	125
4:5.1:Exploration.....	126
4:5.ii.Exploration design and layout.....	128
4:5.iii.Site selection and Nature of the data.....	134
4:5.vi.Computing data.....	141

Chapter 5: Synthesis.....142

5:1. Introduction.....	142
5:2. Event and Space: Built environment.....	144
5:3. Spatial Analysis of Upper malwatu Oya Basin.....	145
5:3. 1.Built environment.....	145
5:3.2 Identifying structures.....	145
5:3.3.Tank village settlements of UMOB.....	146
5:3.3.Nearest Neighbor Analysis.....	151
5:4. Dispersion of clusters around the mean centre.....	152
5:5.Site Buffering	156
5:5.Site catchment analysis.....	156
5:6.Spatial Model	158
5:6.1.Archaeological predictive model.....	158

Bibliography.....	168
